

## Position: Shop Associate – Entry Level

Farris Automation is a supplier of custom automated assembly equipment for the automotive, heavy industrial, and general manufacturing industries. We offer complete turnkey systems from concept to installation. Farris Automation employs engineers, machinists and assemblers in Mukwonago, WI. See our website at [www.farrisautomation.com](http://www.farrisautomation.com) for more details.

***This is an excellent opportunity to be part of a company and learn about machining, welding, automated assembly, electrical panel building and engineering.***

### Job Description:

The job will consist of general maintenance throughout the shop, including cleaning machines, changing coolants, and general grounds maintenance. Other duties are shipping/receiving and stocking of parts.

In addition, the applicant will assist with machine builds and installation when needed. If dedication and work initiative are shown, promotions to other departments are available.

### Requirements:

- Attention to detail
- Mechanical aptitude
- Use hand and power tools, read a tape measure
- Basic math for crate building
- Ability to lift heavy objects (50 lbs)
- Ability to work independently. Self-starter.
- Willingness to learn new skills.
- Valid WI Driver's license with good driving record

### Ideal candidate will have 3 or more of these skills:

- Basic mechanical skills (drilling/tapping holes)
- Shipping/receiving experience
- ERP experience
- Excellent attention to detail
- Proficiency with Microsoft Excel/Word/Outlook
